

Community Partner,

2022

At Elder Care Services of DeKalb County, we have served older and vulnerable adults in the DeKalb County area for 34 years. Elder Care Services is a local nonprofit, and our professional services are available for free to our community. Financial support is provided through federal, state, local sources, fundraisers, and donations. This fiscal year, we will be hosting an inaugural fundraiser at DeKalb County's premier distillery, Whiskey Acres, to help support our programs.

For our fundraiser at Whiskey Acres on September 22, 2022, we will be focusing on raising money through ticket sales and raffles. This fundraiser will be a night of music, food, getting to know Elder Care Services, and socializing. Proceeds will help support and fund our services that ensure older and vulnerable adults stay safe, secure, and supported within the community. We think our efforts would go even further with your business as one of our official corporate sponsors. Elder Care Services will promote sponsors as outlined in our attached Sponsor Benefits Listing.

There are several sponsorship levels to choose from:

- Impact Level Sponsorship: \$5,000
- Engage Level Sponsorship: \$3,500
- Empower Level Sponsorship: \$1,500
- Advocate Level Sponsorship: \$500
- Partner Level Sponsorship: \$250
- In-kind Sponsorships may also be accepted upon request

Please reach out to Christi Coulter at ccoulter@ecsdekalb.org or 815-758-6550 if you have questions or need to discuss an in-kind sponsorship. We look forward to partnering with you for our inaugural event. Please visit our website at www.ecsdekalb.org to learn more about our programs and their impact on the community.

Sincerely,

Elder Care Services Fundraiser Committee
